Evidence Shows Russia Downed American Plane

BULLETIN
WASHINGTON (AP)—The United States today publicly confronted Russia with evidence that two Soviet jets shot down an unarmed U. S. transport plane last September in a warlike attack. Six—and possibly 17—American airmen—were killed.

The evidence was a graphic tape recording of radio conversations between the two Soviet fighter pilots.

A transcript of this recording was attached to an eight-page summary, issued by the State Department, of its efforts to pry information about the incident out of the Soviet Union.

The C130 U. S. transport disappeared Sept. 2 on a flight along the Turkey-Armenia border. Ten days later the Soviets reported it had crashed in Armenia. The bodies of six of the 17 Americans who were in the plane were returned to U. S. officials. Under persistent U. S. inquiries, Soviet officials insisted they knew nothing about the 11 other Americans.

The summary disclosed that Vice President Richard M. Nixon and Secretary of State John Foster Dulles had pressed Soviet Premier Anastas I. Mikoyan, on this recent visit here, for information about the missing U. S. airmen. It said Mikoyan "denied that the U. S. plane had been shot down, asserting it had crashed."

The department's document also disclosed that Dep. Under Secretary of State Robert Murphy tried to play the recording of the Soviet airmen's conversation for Soviet Ambassador Mikhail Monchikov. Monchikov refused to listen.

North Arkansas Surprised by Heavy Snowfall

By THE ASSOCIATED PRESS

Snow fell unexpectedly in north-west Arkansas today, covering Fayetteville, Harrison and Berryville with a thin white blanket. While the flakes poured down on northwest areas, the sun shone brightly in central Arkansas and many sections in the southern part of the state.

The U. S. Weather Bureau at Little Rock attributed the sudden snowfall to the contact of a low pressure area and a high level, through lying in the western portion of Arkansas.

"It's possible some snow might move into central Arkansas but with the flow such as it is, the snow probably will remain in the northwest," a weather bureau spokesman said.

The forecast called for a few snow flurries in the extreme northwest portion of the state this afternoon. Partly cloudy and slightly colder temperatures were predicted for the rest of the state through tomorrow.

Berryville, which reported a low of 22 degrees early today, caught a fairly heavy fall of snow. Fayetteville reported snow began coming down shortly after 7 o'clock and by mid-morning it was a "white city." Harrison had a fairly heavy fall.

The snow was sticking to the ground in all areas where it fell. State Police Headquarters at Little Rock issued a warning of hazardous road conditions in northwest Arkansas. A spokesman urged that drivers make only emergency trips, but no road closings were reported.

No school closings were reported.

Batesville had a low of 22 degrees today. Other lows included: Fayetteville 24, Walnut Ridge 26, Pine Bluff 27, Fort Smith 28, Little Rock 29, El Dorado 30, Flippin 31 and Texarkana 34.

El Dorado reported light rain in the 24 hours that ended at 6:30 a. m. today. But except for the snow reports, no other precipitation.

Junior High Library Adds 284 New Books

Some 284 new books have moved into the Junior High School library recently as one of the results of a successful magazine drive made by seventh and eighth grades during last October.

Students made calls door to door in the city, and because of the sincere interest, the fine cooperation, and the generosity of the many citizens of Hope and of friends of other places, the net profits from the drive were large enough to purchase some materials urgently needed in the school.

After a careful study of needs, the faculty deemed the library and science departments are the two places where the need is most urgent.

Under the supervision of Mrs. Hazel Pritchard, Hempstead County librarian, and Mrs. Lenora Messer, her assistant, a "house-cleaning" took place.

Books with poor print, books out of date, those worn out, and those out of place were discarded. A Basic Book Collection for Junior High Schools, compiled by the American Library Association, the National Council of Teachers of English, and the Department of Classroom Teachers of NEA, was used as a guide in establishing the needs and requirements of the library and in selecting the new books.

The 284 new books have been purchased at an approximate cost of \$1000. They include 187 copies of books of science, history, art, social science, travel, and biography and 30 copies of Webster's Student Dictionary. This collection of books makes a good basic collection to which other books may be added later to fill new needs as they arise.

At the present time the Junior High School Library has 686 books plus six sets of encyclopedias. Its list of magazine subscriptions includes twelve magazines suitable for the age group of the students.

Mrs. Frank Mason, Junior High School Principal, is librarian. She is assisted by the members of the Junior High School Library Club and the study hall supervisors.

Later, funds made from other projects in the past will be used in purchasing equipment for the science department.

Housing Bill Heads to Final Senate Action

By JOE HALL

WASHINGTON (AP)—An omnibus housing bill, surviving two major Republican efforts to cut it, moved toward final Senate action today.

Further efforts both to increase and to decrease the bill's size lay ahead, but Sen. John Sparkman (D-Ala.), author of the measure, predicted its passage without further change.

The only change made in the bill Wednesday cut 150 million dollars off the program of direct government home loans for veterans, halving the 300 millions the Senate Banking Committee had voted.

But Democratic leaders accepted the change, in the expressed hope it would make the measure more palatable to President Eisenhower, and it was adopted by voice vote.

The House meantime voted 310-89 on a separate bill to provide the full 300 millions for direct GI loans despite a protest from Rep. Charles Halleck (R-Ind.), GOP leader, that "budget busters are on the move."

The House bill, limited to veterans' housing, also would increase the maximum interest rate from 4 to 5 per cent on home loans guaranteed by the Veterans Administration. The idea is to attract the move.

Truck, Bus Lobbyists Talk Against Tax

By JOHN R. STARR

LITTLE ROCK (AP)—Truck and bus interests argued last night that their business lives depended on defeat of a proposed weight-distance tax on heavy vehicles.

Representatives of packing, forest and manufacturing industries joined the outcry.

One of the sponsors of the proposed levy retorted it was designed merely to equalize highway use taxes according to amount of use and would not break anybody.

The arguments were presented before a joint Senate House Revenue Committee. At issue are duplicate Senate and House bills to effect the tax, which is tied loosely to a proposed five million dollar highway bond issue.

The main thrust of opposition—aside from that expected from truck and bus interests—came from northwest Arkansas industrialists. Officers of two canneries and a produce company contended the tax would increase their cost prohibitively.

Sen. Jerry Sweeney, sponsor of the Senate bill, and William Nash, Little Rock attorney who drafted both Sweeney's bill and Perry Rep. Paul Van Dalsen's House measure, were the only speakers for the bill.

The Senate Revenue Committee voted later to return the bill to the floor without recommendation. Van Dalsen, chairman of the House Revenue Committee, said his group would reach a decision later.

A rugged floor fight on the measure is definitely in the offing. Sweeney said trucks would not be paying their full share of highway taxes, even after the bill passed. "But they will be paid closer to their fair share," he said. "Right now the private car owner sees 80 per cent of his highway tax dollar go to subsidize some truck or bus."

The senator contended speakers against the bill failed to protest that it would levy an inequitable tax against trucks and buses. "They know it's fair," he said. "But they want you to believe it would break them."

The bill provides for a referendum on the proposed bond issue, but the weight distance tax would be effective immediately after the bill becomes law and would remain in effect whether or not an election ever is called.

Khrushchev Asks Ike to Visit in Russia

By HAROLD K. MILKS
MOSCOW (AP)—Soviet Premier Nikita Khrushchev, urging an end to the cold war, today asked Soviet guarantees of Western access to West Berlin if his plan for settling the crisis is accepted.

The Western powers do not have decided to consider the plan, which calls for making West Berlin a United Nations responsibility.

Addressing himself to Secretary of State John Foster Dulles, Khrushchev said "Mr. Dulles, if you are really here for the sake of ending the cold war we are even prepared to admit our victory in this war that is unwritten by the peoples."

"Regard yourselves, gentlemen, as victors in this war, but end it quickly."

The Soviet leader addressed the closing session of the 21st congress of the Soviet Communist party.

To applause, Khrushchev coupled new warnings to the United States with an invitation to President Eisenhower to visit the Soviet Union.

He said Eisenhower could bring anyone he chose, and go anywhere. He said the visit should prove useful.

This invitation came after Khrushchev repeated his warning that the Soviet Union "now has the means to deliver a blow to aggressors in any part of the world."

But Khrushchev expressed confidence the Soviet Union could avoid war and defeat the West in peaceful economic competition.

Turning to Berlin, major point of East-West tension Khrushchev again presented a formula he advanced Nov. 27—a separate demilitarized West Berlin under U. N. auspices.

West Berlin, though 110 miles from West Germany proper, is now officially a part of that country.

Khrushchev said the Soviet union would be willing to guarantee the city's corridors to the outside world. This, he said, would be more than his previous statement that the Soviet Union would guarantee West Berlin would be supplied with food, and its economy supported by orders from East Germany as the Soviet Union.

The West has rejected the free city proposal, advanced as a means of ending the four-power control of the old German capital. The Soviet Union, has threatened to turn control of West Berlin's lifelines over to East Germany if a Berlin settlement is not reached by May.

Emmet Man Is Injured in Auto Accident

John Moos, 71-year-old Emmet man, was painfully injured about mid-afternoon yesterday when he lost control of his car which ran into a ditch and hit a tree on Highway 67, about four miles east of here.

He suffered an arm injury and lacerations. He was brought to a local hospital by a Herndon-Cornelius ambulance.

State Officers Guy Downing and Travis Ward said Mr. Moos "blacked out" at the wheel. The auto was damaged considerably.

Sheriff Jimmy Griffin warned today that "hot check" artists are hitting Hope and Hempstead regularly and cautioned merchants to be sure they know who they are dealing with before cashing a check.

Government ginning statistics show 2,638 bales of cotton ginned in Hempstead from the 1958 crop. This compares with 4,797 in 1957. Lafayette County ginned 7,143 bales last year and 10,454 the previous year. Miller County was about the same with 3,747 in 1958 and 3,734 the previous year.

At the University of Arkansas "La Boheme" opera will be presented Feb. 17-21. The two piano accompaniment will be furnished by Ann Adams of Hope and Emily Jo McAllister of Fayetteville. Also the U of A nine fraternities have pledged 40 students.

Sigma Alpha Epsilon pledged Clifford W. Bridges Jr. of Hope. Mary Jean McClellan, formerly of Patmos, now of Pittsburgh, Pa., has won the Homecoming of Tomorrow contest. She is the daughter of Mr. and Mrs. George McClellan.

The Hempstead Wildlife Association will meet tonight at 7:30 at the Courthouse. A report on the conference with Governor Faubus will be made and an interesting program is planned.

At tonight's Style Show for benefit of the March of Dimes George Frazier will be MC. Mrs. Manual Hamm, Narrator, music by Luther Hollman, songs by Maxine White, Sammy Strong, Charlotte Goad, Hope Ogram, accordion solo by Shirley Allen, Dances by Ruth Ann Walton, Glenda Johnson, Demetria Eaton and Mandy McElroy.

Winter Hits North, Central Parts of U. S.

By THE ASSOCIATED PRESS

Wintry weather hammered northern and central parts of the country today, with the season's worst storm in the central Colorado Rockies and a fresh blast of icy air moving into the Midwest.

Snow swirled across the northern and central Rockies, from Mountain into Colorado except for the northeast corner.

It was near or below zero in most areas, from sections of the Rockies through parts of the Dakotas, the Upper Mississippi Valley into the northern Great Lakes region.

Gusty northwesterly winds powered the cold air into the north central region. The snow and cold headed into the northeast part of the country.

Snow fell across wide areas in the northern and central Rockies, with heavy falls in most of Colorado except in the northeast corner. More than two feet of new snow piled up at Vail Pass in Eagle County. Snowslides blocked traffic on U.S. Highway 6 at Loveland and U.S. Highway 50 at Montezuma Pass.

Denver sloshed through more than seven inches of snow. Scores of traffic accidents resulted from the hazardous driving conditions. The storm also dumped more than seven inches of snow on Missoula, Mont. Lighter amounts fell in scattered areas from the Dakotas into the Great Lakes region, with falls of around one inch in parts of Wisconsin and Michigan.

The proposed new system would put everyone on an equal footing, said Assistant Interior Secretary Roger Ernest.

The new procedure would provide a 15-day period at the beginning of each month during which the previous month's cancellations, relinquished or terminated leases would be noted on Bureau of Land Management records. This would be posted in offices.

No application for a new lease could be made on the lands until the 16th day of that month. All applications filed during the month would be treated as having been filed simultaneously on the first day of the next month.

Conflicts between applications would be resolved by a drawing procedure.

Under the present system, such lands are available for lease as soon as the records note the old leases have expired.

This has placed a premium on rapid searches of the records each morning to find lands available for leasing.

Ernest said it is simply impossible for all interested people to be in a bureau office and simultaneously check the records daily so as to have an equal opportunity to lease lands as they become available.

The FBI said the third man who participated in the holdup of the Bank of Weiner Monday was Joe Mullins, 25, of Leachville. A search was under way for him.

J. J. Casper, special agent in charge of the FBI office at Little Rock, said \$14,421 of the stolen money was recovered.

Chadwick had \$7,595 on his person, \$6,826 was found under Hand's son when agents took him. Another \$6,826 was found under Hand's house along with a loaded .25-caliber automatic.

Casper said Chadwick and Mullins went into the bank while Hand waited outside in an automobile; the trio had commandeered from auto was damaged considerably.

Scientists Plan to Release Balloon

BROWNWOOD, Tex. (AP)—A group of scientists planned to release a huge balloon today in an attempt to set a world's altitude record for unmanned balloons. The present record is 142,000 feet.

Today's release of a three-million cubic foot balloon will be the second in a series of experiments to probe and measure cosmic ray intensities and composition of interplanetary particles at different phases of solar activity, Dr. Frank McDonald of the University of Iowa said.

McDonald said the first experiment Wednesday was successful. It is a balloon of 14 million cubic feet, sent to an altitude of 122,000 feet. The balloon radios back data.

U. S. Acts to Halt Scramble in Oil Leasing

WASHINGTON (AP)—The government is moving to cut down on the scramble for oil and gas leases which expire—and save wear and tear on the Interior Department's records.

The proposed new system would put everyone on an equal footing, said Assistant Interior Secretary Roger Ernest.

Burnside Phillips Wedding Vows Are Solemnized

The candlelight wedding of Miss Margaret Phillips and Robert P. Burnside was an event of Jan. 31 at 7 p.m. in the sanctuary of the First Baptist Church in Prescott. The Rev. W. R. Woodell officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Leroy Phillips of Prescott. Mr. Burnside is the son of Mrs. Velma Burnside of El Dorado and the late Frank H. Burnside.

The sanctuary was beautifully decorated with large baskets of white mums, gladioli and stock, with tall palm trees in the background. To complete the setting were six seven-branch candelabra holding burning white tapers and swags of white silk roping fell from a large white satin bow from the baptistry connecting the wedding party. An open Bible marked with satin ribbon was placed on the lectern. Bows of white satin marked the family pews.

Candles were lit prior to the ceremony by Danny Seals of Hot Springs and Tony Horne of Gurdon, cousins of the bride. Mrs. Sam Coleman of Camden at the organ provided nuptial music and Eugene Kuyper of Henderson State Teachers College of Arkadelphia, sang "I'll Walk Beside Thee" and "I Love Thee."

The bride, given in marriage by her father, was gown in a waltz length Chantilly lace over satin, made with a fitted bodice and a full skirt. Her lace jacket came to a point in the back and front and was fashioned with a high neckline and fitted bodice. Her veil of illusion was attached to a satin and net coronet encrusted with seed pearls. She carried a crescent bouquet of white french carnations and lilies of the valley centered with a white orchid.

Miss Margaret Hunter Scott of West Monroe, La., was maid of honor. Bridesmaids were Miss Mary Jewelle Herring of Van Buren, Miss Amelia Harrell of Prescott, Miss Gail Jacks of DeQueen, Miss Carleen Harris of El Dorado and Miss Donna McCray of Benton.

Little Miss Helen Tanna Murry served as flower girl and Master Rucker Steven Murry acted as ring bearer.

I. W. Clark of El Dorado served his nephew as best man and groomsmen were James Roy Phillips of Prescott, brother of the bride, Dan MacMillan of El Dorado, cousin of the groom, Bill McCormick of Arkadelphia, Horace Rebe of Hot Springs and Rex Easter of Hope.

A reception was held immediately following the ceremony in the church parlor. Guests were greeted at the door and introduced to the receiving line by Miss Edward Bryson.

Miss Vida Muriel Horne of Camden and Mrs. Bobby Grayson of Dallas, cousin of the bride, alternated at the silver service. Cake was served by Miss Sylvia Gibson, Des Arc, Miss Jean Toler of Malvern and Mrs. Martha Jo Wilkerson of Little Rock. Miss Susan Harville of Texarkana and Miss Linda Scott of Prescott passed out rice bags during the reception.

Other members of the house party were Paula Ann Burnside of El Dorado, Miss Carole Williams of Sheridan, Mrs. Dick Bright, Mrs. Thell Hanning and Mrs. Wat White Jr., Mrs. Roger Knopp of Tulsa, Okla. presided at the guest book and piano music was provided by Mrs. Roland Culp of Des Arc.

After a honeymoon on the Gulf Coast the couple will be at home at 18th and Summit Streets, in Little Rock, where Mr. Burnside is director of first aid and water safety for the Red Cross.

Bridesmaid Luncheon Held at Broadway Hotel. Miss Margaret Hunter Scott of West Monroe, La. and Miss Mary Jewelle Herring of Van Buren entertained at a bridesmaid luncheon at the Lawson Hotel at 1 p.m. on Saturday for Miss Margaret Leece Phillips whose marriage to Robert Burnside was an event of Saturday evening.

A corsage of white carnations and a gift of crystal was presented to the honored guest by the hostesses. The red and white color scheme to be used at the wedding was carried out in the decorations.

Guests were seated at a long table covered with a white cloth and centered with a white satin basket filled with small ripe bags tied with red ribbon. A ruffle of white net and red satin ribbon decorated the sides of the basket and the handles were entwined

with red ribbon. On either side of the arrangement were burning white tapers in crystal holders, tied at the base with a large red bow.

Bridal place cards marked the covers for the guests and favors were miniature brides. Those attending were the honored her mother, Mrs. Leroy Phillips, Miss Gail Jacks of DeQueen, Miss Carleen Harris of El Dorado, Miss Donna McCray of Benton, Mrs. Roland Culp of Des Arc, Mrs. Charlie Scott, Mrs. Hansel Herring and Miss Scott.

Mrs. E. M. Sharp Entertains 1950 Bolivia Club Friday

A variety of spring blossoms decorated the home of Mrs. E. M. Sharp on Friday afternoon when she entertained the 1950 Bolivia Club.

High score honors were won by Mrs. W. P. Cummings. Mrs. Fred Powell and Mrs. Clyde Marsh were guests.

Members present included Mrs. J. V. Fore, Mrs. C. G. Gordon, Mrs. Jim Yancey, Mrs. Homer Ward and Mrs. Imion Gee. A salad and dessert course was served by the hostess.

Mrs. Walter Hodges Honored

Mrs. N. R. Nelson, Mrs. Virgil Daniel Jr., Mrs. Norman Smith Jr. and Mrs. Dick Stewart entertained with an informal coffee on Friday morning in the home of Mrs. Nelson complimenting Mrs. Walter Hodges who was leaving for Little Rock to make her home.

Mrs. Hodges was presented a pair of pictures by the hostesses. Mrs. Daniel presided at the coffee service and Mrs. Stewart served donuts and cinnamon rolls from the dining table covered with a white linen cloth and centered with a floral decoration in a beige ceramic bowl.

Guests were members of the Young Adult Class of the First Methodist Church and included Mrs. Adam Guthrie Jr., Mrs. Bill Ward, Mrs. Billy Roe, Mrs. Jack Caverness, Mrs. Bill Gordon, Mrs. J. A. Eagle, Mrs. Allen Erskine Jr., Mrs. Ernest Bolton Jr., Mrs. Delmer Tyree and Miss Ellen M. Holt. Mrs. Billy Don Simpson was also a guest.

Presbyterian Circle 3 Meets With Mrs. Rouse

Circle 3 of the Women of the Presbyterian Church met on Monday evening in the home of Mrs. Dudley Rouse for the February meeting with seven members present.

Mrs. Floyd Hubbard, chairman, called the meeting to order with prayer and conducted the business. Mrs. Joe R. Hamilton gave a report of the general meeting.

Mrs. Bob Reynolds served as moderator for the Bible Study on "The Inheritance of the Christian and the Emphasis Period on World Missions" was in charge of Mrs. Al Daniel.

A dessert course was served at the close of the meeting.

Mrs. Robbie Wilson, Mrs. Thorne Hesterly, Miss Fay Loomis and Mrs. Brice Stewart attended a performance of the Boston Pops Orchestra in Little Rock Saturday.

Mr. and Mrs. Virgil Daniel Jr. spent the weekend in Oklahoma City and in Tulsa as the guests of Mr. and Mrs. J. J. Coleman.

Miss Mary Jewelle Herring of Van Buren was the weekend guest of her parents, Mr. and Mrs. Hansel Herring and served as a bridesmaid in the Burnside-Phillips wedding.

Mitchell Has Own Labor Law Ideas

WASHINGTON (AP)—Secretary of Labor James P. Mitchell said today no labor bill which does not prohibit blackmail picketing and employee coercion can claim to be a truly effective labor reform measure.

Mitchell told a Senate Labor subcommittee these picketing and secondary boycott practices, not prohibited by the present Taft-Hartley law, have made a fruitful field for gangster labor leaders.

President Eisenhower's labor law proposals include bans on such activities, along with union fund accounting and fair election requirements.

Mitchell refrained in prepared testimony from direct reference to a rival labor bill by Sen. John F. Kennedy (D-Mass.), the subcommittee's chairman. Kennedy's bill lacks the blackmail picketing and secondary boycott prohibition described by Mitchell as essential.

Huge Balloon Is Launched Today

BROWNWOOD, Tex. (AP)—Scientists launched a huge balloon today in perfect weather, hoping to unveil some of the mysteries of the upper atmosphere. The ascension had been delayed three days by wind and drizzle. Four balloons will be released over a two week period.

Dr. Frank McDonald, University of Iowa physicist, said the experiments are "to probe and measure cosmic ray intensities and composition of atmospheric particles at different phases of solar activity."

This central Texas area was selected as the site because of the flat terrain, which will make recovery of instruments easier.

Major source of U. S. uranium is Carmelite, a canary-yellow earthy-looking material found chiefly in Colorado.

Child Slaying Woman Freed After 6 Years

LITTLE ROCK (AP) — Mrs. Linda Ephson Head, convicted in 1953 of drowning her 5-year-old foster daughter on a farm near Des Moines, will be released from prison Saturday on parole.

The state Board of Pardons and Paroles granted her parole yesterday, along with 28 other persons.

Mrs. Head was found guilty by a tripartite county jury of second degree murder in the death of Mary Wolfe, whose body was found Dec. 30, 1952, at the bottom of a makeshift water tank.

At her trial, Mrs. Head said her husband beat the child to death before she put it into the water tank, but an autopsy showed that drowning was cause of death.

Head was charged with first degree murder but was found insane and was committed to the State Hospital.

The girl had been given to the Head family by her mother, who was employed as a bus driver at Detroit.

Also among those paroled was Willie Turner, 54, a Negro of Texarkana, who was serving 60 years for first degree murder.

Turner was sentenced to life in prison in 1937 on a conviction of murder in Miller County. The term was reduced by Gov. Orval Faubus in 1954.

Other paroles granted by county included:

GARLAND — Ernest Carter, sentenced Jan. 30, 1958, to three years for grand larceny; Clyde Hughes, sentenced Sept. 30, 1955, to 10 years for assault with intent to rape and burglary.

Miller — J. C. Cole, sentenced May 28, 1958, to two years for grand larceny; Richard Gossett, sentenced Jan. 23, 1958, to three for burglary.

Sebastian — Jimmy Don Toed, sentenced Jan. 23, 1958, to three years for burglary and grand larceny.

Rabid Foxes Killed in Union County

ST. DORADO, Ark. (AP) — County health officials warned residents of Union County yesterday to have all pets vaccinated after two more rabid foxes were found.

The first rabid fox was killed Tuesday near Sandland. The two others yesterday were at Mount Hollis and Smackover.

Officials always included in the prevention week to commemorate the Chicago fire of 1871.

TELEPHONE TALK

By Vance Smiley, Wire Chief, Hope, Ark.

Today, You're Still Paying World War II "Emergency Taxes" on Your Telephone Bill

Next time you're checking over the charges on your monthly telephone bill, take a real close look at the first line, which lists charges for local telephone service and equipment. To the right, you'll notice the word TAX and an amount printed underneath.

I imagine you've seen it so often you hardly even pay any attention to it anymore. And yet, this figure deserves your very special attention, because it's about the closest thing to an unfair tax you'll ever be required to pay.

10% Federal Excise Tax

Most of that amount represents federal (U. S.) excise taxes — 10 cents on every dollar. Furthermore, if you've made any long distance calls during the month, you'll also notice that the 10 per cent excise tax is added to these calls on your long distance statement.

Doubtless few people ever remember, but federal excise taxes were World War II emergency taxes designed to help raise money for defense, and to discourage use of vital telephone lines which were then needed for essential war time purposes. When they were put on the books, the chairman of the Ways and Means Committee told Congress: "The increase on present excises, and new taxes, are temporary and will expire after the war."

Well, the war is over. But you and I are still paying the taxes.

Continuing World War II emergency taxes on an essential item like telephone service is so unbelievable it's almost funny. Except it's a little hard to laugh when you're being belted in the pocket book that hard.

Only On Telephone Service

Of the four essential utilities serving homes and businesses — gas, water, lights, and telephone — only your telephone service is subject to excise taxes.

And as if the tax itself isn't enough, there's also a hidden cost involved. You pay that, too. You see, we have to collect the tax and pass the proceeds on to the SBC. This extra bookkeeping and billing adds to the expense of running the telephone business. Since we get the money to operate the business from only one source... our customers... you not only pay the tax, but the cost of collecting it as well.

If you feel as I do, that this unfair tax should be repealed, I invite you to write Senators John McClellan and J. William Fulbright and Representative Oren Harris and tell them so. One more reminder won't surprise them. They'll already have heard about it from me.

THE SECOND BELL TELEPHONE HOUR on television will feature a host of musical stars, with a wide variety of American music by American artists. You can see it at 7 p. m. Tuesday, February 10th, over NBC-TV.

Call by number. It's twice as fast.

FRESH-CHURNED COUNTRY FLAVOR

If you ever visit some of the nearby dairy farms, don't be surprised to see a half gallon carton of Borden's Buttermilk in the farmer's refrigerator. Why should Mrs. Farmer Jones churn her own buttermilk? Borden's Buttermilk is made from country-fresh milk with just the right amount of cream added to smooth and compliment its natural tartness. Borden's Buttermilk has that fresh-churned country flavor... plus a smoothness you can't get with the old-fashioned churn.

Baylor Best Bet to Overtake Frogs in SWC

By THE ASSOCIATED PRESS

Texas took a 58-38 licking from Oklahoma State last night to wind up the Southwest Conference's inter-sectional basketball schedule for the season. It left the league all even at 22 victories against 22 losses.

The conference race, led by Texas Christian, resumes Saturday night with all of the eight teams in action and with TCU facing Texas Tech at Fort Worth in the headliner.

Tech is tied with Baylor for second place, each a game back of TCU. Tech could go into a tie for first by beating Texas Christian and Baylor could make it a three-way tie if it defeated Texas A&M at College Station.

In other games Southern Methodist and Rice clash at Dallas and Arkansas and Texas tangle at Austin.

Texas gave Oklahoma State a fight for better than a half but faltered when within two points of the Aggies.

Allen Clark led the Oklahoma attack with 24 points, as his team built for 40.4 per cent from the floor and sank 16 of 17 free throw attempts. Texas shot for 31 per cent and managed only two free throws out of eight.

Way Arnette was the top Texas scorer with 10 points.

Flanagan in Middle of Another Dispute

By JIM KLOBUCHAR
ST. PAUL, Minn. (AP) — Del Flanagan's flair for setting off controversies pushed him into the middle of another dispute today.

The St. Paul welterweight gained a decision over New Orleans' Ralph Dumas in a televised 10-rounder Wednesday night, but some people weren't convinced.

One of them was Jimmy Perreault, whose judge's scorecard had Dumas winning. Referee Johnny Stanton and Judge Dick Delaney scored it Flanagan.

"This is the worst," said Dumas' manager, Angelo Dundee, "somehow you expect to get hurt on a hometown decision but you can live with it when the fight has been close. This one was Dumas' from start to finish."

It could have gone either way, but it did not appear to be a gift. Flanagan fought strongly through the early rounds, lost momentum in the face of Dumas' fast-moving

Hickey Has Warriors Zipping Along

By DON WEISS
Associated Press Sports Writer

Eddie Hickey, the little perfectionist with the big shadow of basketball success, is headed for another triumph in a berth even though he has traded the blue and white of St. Louis for Marquette's Blue and Gold.

The 5-5 bundle of basketball strategy has the Warriors zipping along at a pace no one thought possible when he took control last fall. They nailed their 14th straight and 16th in 17 games Wednesday night, 73-62 over Bowling Green. The Marquette lead was 23 points when Hickey recalled the regulars to the bench with six minutes remaining.

You can be sure he has the Warriors from Milwaukee on the prospect list of both the National Invitation and the National College Tournaments.

Hickey and Marquette took a share of Wednesday night's spotlight from North Carolina and Cincinnati both of whom fattened their national prestige.

Frank McGuire's Tar Heels, second-ranked nationally, pushed their winning streak to seven; their Atlantic Coast Conference mark to 8-0, and their overall record to 13-1 with 64-57 victory over Maryland. York Larose, one of Carolina's dandiest sophomores scored 32 points.

Fifth-ranked Cincinnati, with All America Oscar Robertson scoring 38 for 33.2 average, crushed a Belmont average Dayton team, 86-74. The Bearcats have won their last nine for a 15-2 ledger.

In other features, Kansas took second place in the Big Eight standings as Ron Loneski scored 19 points in a 71-44 whipping of Oklahoma. Bob Ayersman, the soph with the 26.9 average, hit for 34 in Virginia Tech's 70-67 Conference victory over The Citadel, and Arlen Clark became a 1,000-point man for Hank Iba's low-scoring Oklahoma State. Clark bagged 24 for a career total of 1,004 in a 58-38 romp over Texas.

Army won its sixth in a row for a 12-5 mark, 61-49 over Lehigh as Sammy Kouns scored 26 points. Grabeau Rayelving fired 27 points and grabbed 28 rebounds in Villanova's 72-63 decision over Wagner in the first of two at the Philadelphia Palestra. Mullenberg beat LaSalle 92-75 in the second game behind Steve Matelli's 30 points.

attack through the seventh, eight and nine rounds, but won the 10th on superior physical strength.

The Associated Press scored the fight 97-96 for Flanagan, Newsweek at ringside were almost evenly divided.

There were low blows a plenty on both sides.

Stanton scored it 97-95, Delaney 98-95 and Perreault 97-96 for Dumas.

Flanagan weighed in at 148 pounds, Dumas 142.

tract more lenders' money for the program. The same provision is in the Senate bill.

Halving of the direct loan program in the Senate bill cut its total to \$2,775,000,000 for a variety of programs, most of them extending for a period of several years.

Earlier, on two key votes, the Senate:

Defeated 58-32 a \$1,600,000,000 Republican substitute bill. Seven Democrats and 25 Republicans supported the substitute; 51 Democrats and 7 Republicans opposed it.

Rejected 50-37 a GOP move to eliminate the 35,000 new public housing starts and 16,000 carrying over units from the bill. Thirteen Democrats and 24 Republicans were for this; it was beaten with votes of 43 Democrats and 7 Republicans.

The bill carries \$2,100,000,000 for slum clearance and urban renewal programs, as well as substantial funds for college dormitories and classrooms.

It also meets some emergency needs, among them an increase in the almost depleted FHA loan insurance authority. Ten billions of new authority are provided.

Two Involved

Joe Mills, 20, of Harrisburg, Mills was held in the car as a hostage until after the robbery and the car was released unharmed.

The car was abandoned in a wooded area about five miles south of Jonesboro yesterday.

The FBI said the trio had walked from the car to Hands house eight miles away. Mullins left the house yesterday with about \$8,500 of the bank loot, Casper reported.

The FBI said a third hand is Chadwick's son-in-law and Chadwick and Mullins are related by marriage. The latter two also are farm laborers.

Casper declined to give details about how the FBI learned Hand and Chadwick were implicated in the holdup.

Both men were captured without resistance. They were taken to Jonesboro and were being questioned further. No charges were filed immediately.

Casper said Hand had an account at the Bank of Weimer.

Mills and bank officials had described the bandits as well behaved.

The two who held up the bank thanked employees who handed over the money and later the trio insisted on paying Mills \$50 for using the automobile. The car belonged to Mills' employer, Ralph Mattox, operator of the Condit Rice Mills at Harrisburg.

"Act like a gentleman and we won't harm you," the robbers told Mills.

said the proposed tax would destroy Arkansas' reciprocal highway agreements with other states, but Secretary countered that 21 states had such taxes and their reciprocal agreements were unaffected.

Harper said such taxes had a history of failure in other states, that only five had such a tax now, that he had passed and later revoked such measures and that 17 other legislatures considered and rejected such a tax during 1957-58.

The crowd of about 300 in the House chamber cheered speakers against the bill and greeted Secretary and Nash's speeches with stony silence.

"I realize we're taking the unpopular view here," Secretary said, "No one discounts the force of this (truck) lobby and they will create disruption when this bill is considered in the Arkansas Legislature. But we are representing the 97 per cent of the driving public which is not here tonight, as opposed to the three per cent who are well-represented."

The House passed, 71-28, a bill to set up a retirement plan for career county employees. This proposal had touched off heated debate late Tuesday, with Perry Ren. Paul Van Dalsem opposing the plan.

The House also adopted a resolution calling for a check on expenditures of the Legislative Council. Rep. Grove C. Carnes of Arkansas County, sponsored the move, said expenses of the council which is composed entirely of members of the legislature, have become "staggering."

The Senate said not a second time to a proposal that persons earning less than 10,000 a year be given a break on their state income taxes. The bill had been rejected once before and was called up on reconsideration.

The senators also turned down a proposal by Sen. Guy Jones of Conway to extend for two years the deadline for counties to qualify under the state's property reassessment law. The day before, the Senate had approved a bill extending the deadline one year — to Dec. 15, 1959. This bill now is awaiting action in the House.

Approximately 60,000,000 babies have been born in the United States since 1941.

Lamb Supplies Featured in Some Markets

BY THE ASSOCIATED PRESS
Larger supplies of lamb are being reflected this week in the nation's grocery stores by special bargains.

With the Lenten season starting next Wednesday, some stores also are increasing supplies of fish.

The lamb bargains are about evenly divided between leg roasts and chops.

Prices are off 4 cents a pound in scattered areas, while best prices are steady and pork shows a slight leaning to the downside. Chickens are marked down 2 to 10 cents a pound over a wide area. Eggs are cheaper, by 2 to 4 cents a dozen.

Potatoes are an outstanding bargain at vegetable counters.

A big spinach crop in Texas makes the leafy vegetable a bargain. So are root crops such as topped beets, parsnips and carrots.

Storage cabbage prices are up but still rated a pretty good buy. So are kale, collards and the like.

Western iceberg lettuce is available for reasonably priced salads and onion prices are somewhat weaker. Tomatoes, sweet potatoes and cauliflower are moderately priced.

Apples are plentiful, and cheap. California citrus and pears also are on the good buy list. Florida grapefruit, Tample oranges and tangerines are moderately priced.

President on Fishing and Hunting Trip

By MARVIN L. ARROWSMITH
THOMASVILLE, Ga. (AP) — Vacationing President Eisenhower, who had weather trouble and a rough flight getting South, hopes for sunny skies and a crack at all hunting or golf today.

The weatherman predicted a brightening picture for this piney woods region. It was pretty dismal when Eisenhower arrived from Washington late Wednesday for a visit until Monday with George M. Humphrey, former secretary of Treasury.

The weather was so bad — drizzling rain and dense fog — that the President's private plane had to make an instrument landing at Moody Air Force Base at Valdosta, Ga., 67 miles southeast of Humphrey's plantation estate here.

Eisenhower was forced to abandon original plans to land at Spence Air Force Base at Moultrie, Ga., which is only about 35 miles from the Humphrey place.

As it was, the presidential plane had to circle above the Moody base for about a half-hour before the fog lifted sufficiently to land. Fifteen minutes before the landing in a wind-lashed rain, the ceiling was only 100 feet and visibility a half mile.

An Eisenhower aide aboard the plane said the later part of the flight from the capital was the roughest in six years of traveling with the President.

Eisenhower, however, was in a cheerful mood on stepping from his plane.

"Where is your Georgia sunshine?" he inquired with a chuckle. "It looks like you're having a little rain here."

This is the President's sixth February visit in a row to Thomasville as Humphrey's guest. Last year Eisenhower arrived right after the area's first snow in a half century.

Bill Okays U. S. Airport Grants

WASHINGTON (AP)—The Senate Commerce Committee today approved a Democratic-sponsored bill to provide \$68 million in federal grants for airports during the next five years.

President Eisenhower had requested that federal aid for airport construction be limited to 200 million dollars for a four-year period.

The higher bill was approved by the committee after it rejected a 9-7 compromise proposed by Sen. Andrew F. Schoenberg (R-Kan.) to continue the existing program for another four years.

Blytheville is named for the Rev. Henry T. Blythe, a Virginia-born Methodist minister who came to Mississippi county in 1853 and built a small church and home on a high spot of land (wily well back of the Mississippi River).

Tastes 700 Medicines in 3 Years

By HAL BOYLE
NEW YORK (AP) — Mrs. Shirley Morabito has tasted 700 medicines in the last three years—and never felt better in her life. In fact, she hasn't missed work a single day because of illness. Trying out pills and potions described for other people is the unusual career of Mrs. Morabito, a medical gourmet with one of the most educated palates in the wondrous world of drugs. She is chief medicine taster for the Charles Pfizer Pharmaceutical Co. "It is endlessly fascinating," said Mrs. Morabito. "The taste test is the last step in research. No matter how beneficial a new medicine may be, it has to taste right today to win public acceptance. If people won't take it because they dislike the taste, it can't do them any good." There are only four basic tastes—salt, sweet, sour and bitter. But they can be masked with thousands of different blended flavors. Unfortunately for mankind, most medicines, new or old, have a bitter taste. The average person can detect a bitter taste in one fifth of an ounce of water. Mrs. Morabito can detect the same amount of caffeine mixed with 25 quarts of water. "But Mrs. Morabito doesn't depend on her own fine palate. What suits one person may not suit another. So she has assembled and trained a test panel of 40 expert coworkers to help her." The problem of taste in new children's medicines is even more critical. To assist her in field testing these she has a juvenile jury of some 600 children of company employees. "Both color and taste play a big role in the psychology of medicine." "Most everyone seems to dislike a brown-colored medicine," said Mrs. Morabito. "Older people often like a mint-flavored medicine. Children prefer fruit flavors. They like red and orange colors, and they like medicines with a cherry or orange flavor. But the color and taste must match. If you gave them a blue medicine with an orange flavor, they wouldn't like it. It would confuse them."

Pan American Has New Labor Pact

WASHINGTON (AP) — Pan American World Airways reached a new labor contract agreement today with the Air Line Pilots Assn., ending a long dispute. Pan Am has been operating new jet aircraft on overseas flights for some time with company supervisory personnel, pending settlement of the dispute. The agreement covers pilot pay and working conditions for piston-powered planes and jets. Part of the agreement, it was reported, calls for assignment of a fifth crew member on certain long, but relatively rare, overseas jet flights, such as from Honolulu to Australia.

ANTIDROWNING KIT—Joe Greenwood demonstrates his do-it-yourself antidrowning post in Fort Worth, Tex. Greenwood, assistant safety director of the city's Red Cross, connected the unit primarily for unsupervised farm ponds. It can be used at pools, as shown above. Improvements considered are replacing the glass jar with a plastic container (to avoid broken glass) and attaching a block of wood to the end of the heaving line to replace the tube.

House Passes Retirement for Co. Workers

LITTLE ROCK (AP)—The Arkansas House today passed 71-26 a bill to make county employees eligible in the state Retirement System.

Action on the bill was carried over from yesterday when Perry Rep. Paul Van Dalsem staged a one-man filibuster to carry debate past the adjournment hour.

Van Dalsem spoke briefly against the bill today, but he apparently realized he was pleading

against a winning cause. Without discussion and by an 87-1 vote, the House passed a pupil assignment bill introduced by Sevier Rep. George W. Davis.

The bill is modeled after the Alabama pupil placement law, which has been upheld on its face by the U. S. Supreme Court. It gives school boards full authority to determine what placement of pupils is in the best interest of the educational program.

ALC Report on Expenses Okayed

LITTLE ROCK (AP)—The Arkansas House today adopted a resolution to require the Legislative Council to submit a detailed financial report on its activities during the past four years.

The vote was 89-4 after no one rose to oppose the resolution by Arkansas Rep. Grove C. Carnes. Carnes said the legislative Council had gone from a modest to a stupendous budget in the 10 years of its existence, and the "man in the street wants to know" what the council is doing.

The resolution points out that the council's budget for the 1955-57 biennium was \$81,200 compared to \$144,400 for 1957-59. The council has asked for an appropriation of \$162,400 for 1959-61. Members of the 21-man Legislative Council are selected by legislators from their own membership.

The council acts as the out-of-session arm of the Legislature.

Integration Measures Before House

By JOHN R. STAHR

LITTLE ROCK (AP)—A package of 15 anti-integration bills authored by Atty. Gen. Bruce Bennett was introduced today in the Arkansas House.

Bearing the names of as many legislators, the bills cover a complete range of segregation—from schools to public parks.

One of the measures is modeled on the Alabama pupil placement law which has been upheld on its face by the U. S. Supreme Court. Several of the bills merely would reenact laws passed with Bennett's sponsorship in an August, 1958, special session of the Legislature.

Among new measures are bills to make it unlawful to encourage disobedience to any law of the State of Arkansas or non-conformance with established traditions of the state.

This apparently would make it illegal for any resident to encourage integration.

Another bill would authorize the state or any of its political subdivisions to sell or lease any public park or facility.

This was designed to clear the way for disposal of such facilities in case an integration order is issued against them.

One bill would prohibit hiring by the state or any county or municipality of any member of the National Assn. for the Advancement of Colored People.

Included is a bill to make state law of the so-called "Bennett ordinances" which have been passed by a number of Arkansas cities.

This bill would require certain organizations claiming exemption from taxes to furnish certain information under oath with the county clerk.

Two bills relate to the privilege of any businessman to choose his customers and eject any person he does not desire to serve. These bills would prohibit "sit-down strikes" such as Oklahoma City Negroes staged last summer to obtain service in places previously reserved for whites.

The House already has passed a bill containing the same provisions as these two Bennett bills.

LITTLE ROCK (AP)—Segregated seating on intercity buses, the "affair Eddridge" and retirement for county career employees dominated yesterday's scene in the Arkansas Legislature.

Monroe Rep. George W. Stagg introduced the bus seating bill though it does not mention race. Stagg said it "could be construed as a segregation bill."

The proposal would permit bus drivers to assign passengers to specific seats for the purpose of equal distribution of weight, the health and welfare of the passengers and peace and good order among the passengers.

The recent resignation of Herbert Eddridge as state highway director, which already has touched off several lively debates in the Legislature, cropped up anew when Rep. Dewey Stiles of Hot Spring County introduced a resolution calling on the Highway Commission to reconsider its acceptance of Eddridge's resignation.

Stiles insisted upon immediate action on his resolution but was voted down. The proposal then was sent to the House Resolutions committee where it is almost certain to remain for several days.

The county employees' retirement plan was the matter of intense debate when the House adjourned yesterday.

The bill introduced by rep. Gayle Windsor of Pulaski County provides a retirement system for county employees who are 65 years old and have 20 years of service. It does not cover elected officials.

Rep. Paul Van Dalsem of Perry County, principal foe of the proposal, sought to amend the bill to leave the matter to the discretion of the various county quorum courts. By holding the floor until the time the House had agreed to adjourn, he managed to delay action on the bill overnight.

The House completed legislative action on a bill increasing to 25 per cent the number of signatures of qualified electors needed to force a recall election on school directors. The required percentage now is 15. This proposal now goes to the governor.

The Senate passed for the second time a bill by Sen. Jack Shelton of Monticello extending until Dec. 31, 1959 the deadline for counties to comply with the state's property reassessment law. The bill had been passed earlier then a flaw was discovered in its wording.

The Senate also wrangled briefly over an appropriations bill which would have raised the salaries of prosecuting attorneys. The author, Sen. Tom Allen of Brinkley, withdrew the proposal.

Has Answer for the Business Alcoholics

WASHINGTON (AP)—A Cincinnati psychiatrist has an answer for business executive alcoholics who say "How can I be an alcoholic when I'm so successful?"

"Maybe he's gaining a lot of money, and maybe he's fourth vice president of his company," said Dr. Robert J. Kalhoff.

"But if he wasn't an alcoholic, he might now be the president—and in 10 years, if he keeps on drinking, he'll be lucky if he's the janitor!"

Kalhoff addressed the 10th annual national meeting of the Guild of Catholic Psychiatrists Monday.

President May Delay Rights Legislation

WASHINGTON (AP) — Apparently plagued by a division of opinion within his administration, President Eisenhower probably will delay sending his civil rights proposals to Congress for two weeks.

Sen. Styles Bridges of New Hampshire, chairman of the Senate Republican Policy Committee, reported the prospective delay after a White House conference of GOP Congressional leaders with the President today.

Such a delay would hold off the White House proposals right up to the start of Senate hearings. Sen. Thomas C. Hennings (D-Mo.) announced they will start March 10.

Although Bridges declined to elaborate, it was reported elsewhere that Vice President Richard M. Nixon and others are urging that Congress be asked to give the attorney general broad subpoena powers that could be used not only in voting rights cases but in investigations of such subjects as labor racketeering.

Eisenhower was represented as taking a moderate position.

Hedy's Husband Files for Divorce

HOUSTON (AP) — Oilman W. Howard Lee Tuesday filed a court suit seeking a divorce from actress Hedy Lamarr. His petition alleged cruel treatment prior to the couple's separation last August.

The marriage was the second for Lee and the fifth for Miss Lamarr.

The actress has been living in Beverly Hills since the couple separated. They were married Dec. 23, 1953 in New York City.

She Should Have Studied That Palm

INDIANAPOLIS (AP)—Fortune teller Rosa Ziko should have consulted her crystal ball before reading the palm of William Hyman.

Rosa carefully studied Hyman's hand and then told him he had all the markings of a "kind hearted guy with a good job."

She changed her mind quickly when Patrolman Hyman of the vice squad charged her with keeping a dive, fortune telling and obscene conduct.

News Briefs

LONDON (AP)—Soviet officials held up a British army truck at a check point in Berlin and searched it, the British Foreign Office announced today.

A spokesman said the British army commander in Berlin had protested.

The truck was allowed to proceed after the Soviet authorities inspected it.

MADRID (AP)—Generalissimo Franco's government today arrested three Liberal Monarchists who were active in the formation of an anti-Franco political party last week.

It was the government's first retaliation against the new party, the ishilio, which was formed at a public banquet in a hotel last Thursday. All parties except Franco's Falange are banned in Spain.

SYDNEY, Australia (AP) — "I am on fire. I must land immediately," said the voice radiating from the Australian anti-submarine bomber 4,000 feet above Richmond Air Base today.

Messages continued to stream in from the plane in the 90 seconds it took it to crash. All eight crewmen were killed.

VIENNA (AP) — Austria's Socialist vice chancellor, Dr. Bruno Pittermann, left by air today for a two-week visit to the United States. En route he will stop in West Germany, Denmark and London, and will arrive in New York Saturday. He will deliver university lectures in New York and Chicago and in Washington will confer with President Eisenhower and Vice President Nixon.

WASHINGTON (AP) — A crippling steel strike in the summer? Right now, government officials just don't know.

In private or in public, they give only vague forecasts.

"It's still too early to tell what will happen," says Joseph Finnegan, director of the Federal Mediation and Conciliation Service. Privately, other officials say the situation is nip and tuck.

Three-year contracts between the United Steelworkers Union and steel producers end June 30.

HARDY OLDSTER, SEMINOLE, Okla. (AP) — I. A. Smith has two sons who retired after reaching 65, but he's still going strong.

Smith, who is 98, owns a dry goods store here and puts in a full day's work every day.

Bus Stalls on Hill, Man Falls Dead

WALDRON, Ark. (AP) — The brakes of a school bus carrying 30 children failed on a hill at nearby Bates today and the big vehicle crashed into a pickup truck. The driver of the truck left it, collapsed and died on the highway.

None of the children was injured. Dead is Clyde Ward, about 50, of Bates, a livestock dealer. The dead man's son Gene, a senior at Waldron High school, was aboard the bus.

The bus, driven by Holland Coleman, 30, of near Waldron, had let off several students at the Bates Elementary School just before the collision occurred. Ward's wife, Mrs. Edna Ward, teaches at the school but was at home at the time of the accident.

Coleman said the bus was traveling down a hill toward state highway 28 when he discovered the brakes would not hold. The bus rolled onto the highway and collided with Ward's oncoming pickup truck.

Ward got out of his vehicle staggered and fell on the highway. Scott County Coroner Maurice

Harvey said later it appeared that shock had contributed to Ward's death. An autopsy was planned.

Coleman, who escaped injury, summoned help. An ambulance took Ward to a hospital at Heavener, Okla., across the Arkansas-Oklahoma line. Ward was dead on arrival at the hospital.

Bates is 16 miles west of Waldron.

Another bus picked up the children and took them to their schools. The children ranged from first graders to high school seniors.

Ward also is survived by another son, Gerald Ward, a student at Arkansas Tech.

Accuses U.S. of Wrecking Conference

WASHINGTON (AP) — The United States, accusing the Soviet Union of trying to wreck the Geneva nuclear conference, says it will continue to strive for agreement.

Soviet Delegate Semyon K. Tsarapkin last week demanded a Soviet veto on international inspection of nuclear weapons tests.

"The Soviet position throws doubt on whether they ever really intended or desired that the negotiations should reach a successful outcome," the State Department said.

IRS Gives Up to Robeson

WASHINGTON (AP) — Singer Paul Robeson today won a five-year battle to escape taxation on the \$25,000 Stalin peace prize he received in 1955.

The Internal Revenue Service announced it is abandoning its claim that the Negro entertainer owed federal income taxes of \$9,855 on the award.

In effect, the Revenue Service took the position that the Stalin prize — the highest Soviet award of its kind — is in the same tax-exempt category as the Nobel and Pulitzer prizes.

Committee Okays Hawaii Statehood

WASHINGTON (AP) — The House Interior Committee today approved a bill to make Hawaii the 50th state.

Rep. Leo W. O'Brien (D-N.Y.), acting committee chairman, said the 23-4 vote reflected overwhelming congressional sentiment in favor of admitting Hawaii this year.

The bill now goes to the House Rules Committee, after a one-week delay for filing of formal reports.

Spain conceded Florida to the United States on Feb. 22, 1819.

CHAPTER XXII

The one certain way the combine could head off reaction was to demonstrate they still had too much power and weight to combat successfully. To demonstrate this fact, they had to regain possession of the Lazy Y.

These facts Yeager discussed at length with Jed Mims and Alec Trezevant.

"They'll outnumber us," he emphasized. "And if they gain a foothold, we're done. So we guard day and night. With just three of us, that won't be easy. But if we can hang on and make things stick for a while, we should begin getting a little help here and there."

"Maybe," growled Alec Trezevant pessimistically. "I wouldn't count on it, though. Best way to figure is the three of us against the world. Then we'll know exactly where we stand. I'll take the late night watch. I don't sleep too good after midnight, anyhow."

"Here's another point," Yeager said, lips pursed in soberness. "Understand, Anita is more than welcome here. But I hate to think of her facing any slightest risk of any kind. Do you think we could persuade her to go stay in town until this thing is settled?"

Old Alec snorted. "Not a chance! Why, right after we lost our ranch I tried to get her to go stay with Maggie Spelle at the hotel in town. Did she light into me for even suggesting such a thing? Fridge touched his lips with a grim smile.

With a full hour of leeway before having to start supper, Anita had heated a wash tub of water and enjoyed the luxury of a hot bath. Afterwards, from her personal gear, she brought forth a gingham house dress which she now wore with simple effectiveness. The satisfaction of return was fully to feminine attire. Plus the warmth of the kitchen stove, had deepened the color in her face and there was the shin of pure contentment in her eyes when she called the men in for the evening meal. Looking at her across the table, Jed Mims spoke with gentle humor.

"Girl, you're prettier than a spoiled pup. Wish I was 40 years younger."

The glow in her dusky cheeks deepened and she showed old Jed the bright goodness of her smile.

Agreeing fully with Jed Mims' opinion of beauty, Gil Yeager, now wondered about something which had existed back in the good days before the blight of combine greed and conquest had hit this high prairie world. He remembered Burke Benedict and Anita Trezevant as he had seen them together on various occasions; a chance meeting in town or riding along a trail somewhere, or at one of the dances in the last of Patch Kelly's war-

house.

Back at the Coulee Glades camp, Alec Trezevant had said something about Anita and Burke Benedict seeing no more of each other, because of opposed opinions over combine trouble. Burke apparently, had sought and found friendship of some sort with the combine, while Alec Trezevant had fought it fiercely. And Anita, just as fiercely loyal and strong in spirit had followed her father, Laurie Benedict, what of Laurie Benedict?

He got to his feet shook his head at Anita's offer of another cup of coffee. To Trezevant he said:

"I'll call you at midnight."

Jed Mims spoke up swiftly. "A three-man chore, this guarding business. Where do you fit in?"

"Get your sleep. There'll be plenty for you to do, tomorrow."

As he donned his coat and stepped out into the night, Jed's grumbling complaint followed him.

"Anybody would think I wasn't a man grown."

He caught and saddled and rode out to the crest of land about Rubicon Creek.

Turning back, he held to the main road and when even with the Benedict ranch cut-off, picked up the matter of hoofs coming in along it.

"Hello—the night!"

The rider reined up and hit back with sharp, impatient words.

"This is Doctor Parris. Who are you and what the devil do you want?"

"Sorry, Doc. Gil Yeager, here. Just sort of checking the trails." Yeager reined back into the road, recalling Doc Parris as a spare, brisk, snapping-eyed man who, over his years of practice had observed so much human frailty and stupidity, he could afford to be acid-tongued concerning it.

"Someone hurt or sick at the Benedict ranch, maybe?"

"Old Dave," Doc Parris observed, his tone mollifying.

"This afternoon he went into a coma. Cam Reeves like to fendered a horse coming after me. The old fellow was gone by the time I got there. You say you're checking the trails?"

"To see who's riding them."

"Would that mean you're hunting more trouble?"

"Not necessarily. Nothing I want less than trouble."

Doc made a crisp retort. "The actions hardly fit the words. I did a pretty fair job on Brick Rand's jaw; but it will never be the same. And his belly! That looked like he fell out of a tree onto a stack of fence posts. You didn't kick him when you had him down, did you?"

"No, I didn't kick him. I only used my fists."
